German Cancer  
Consortium

TranslaTUM

# DKTK/TranslaTUM Seminar Series

June 2, 16:00 – 18:00

Johannes B. Ortner Forum (Auditorium left part)

Speaker

## **Jens Siveke: Tumor and host heterogeneity in PDAC**

## **Marija Trajkovic-Arsic: Theranostics in PDAC and beyond**

**Department of Translational Oncology DKFZ and Bridge Institute  
of Experimental Cancer Therapy, University Hospital Essen**

Jens Siveke is the chair of the Department of Translational Oncology DKFZ and Bridge Institute of Experimental Cancer Therapy at University Hospital Essen. Jens is the speaker of the BMBF-funded Saturn3 consortium, which focuses on 3 hard to treat tumor entities – pancreatic, breast and colon cancer. His lab is focused on unraveling tumor-host interactions in pancreatic cancer with the aim of developing personalized therapeutic interventions.

Marija Trajkovic-Arsic research focuses on developing theranostic approaches combining imaging based methods and radionuclides for pancreatic cancer and other tumor entities.

Host

Dieter Saur

Division of Translational Cancer Research, German Cancer Research Center, Heidelberg  
Institute of Experimental Cancer Therapy, DKTK partner site Munich and TranslaTUM –  
Central Institute for Translational Cancer Research, School of Medicine and Health,  
Technical University of Munich
