

Symposium The tumor microenvironment: novel aspects and future developments

SPEAKER

Dr. Joshi Piyush, DKFZ Heidelberg

TITLE

Brain + Cancer: Insights into Functional Genomics via Multiomic Atlases

SPEAKER

**Dr. Marco Seehawer,
Dana-Faber Cancer Institute**

TITLE

Leveraging functional cancer epigenetics and state-of-the-art mouse models for cancer research

SPEAKER

Spencer Watson, CHUV Lausanne

TITLE

Targeting Tumor Matrix Immunology with Spatial Multi-Omics

TIME

Tuesday, February 18, 2025
10 a.m. until 12:30 p.m.

PLACE

GSH Lecture Hall

HOST

Prof. Dr. Florian Greten
